6-SLICE TOASTMASTER TOASTER (toasts over 300 slices per hour)

Consists of three 2-slice models mounted together on a black enamel base, with one electrical connection. Also available as two 3-slice models mounted together. Each section is controlled by a separate switch—no current wasted when making single orders. Beautiful chrome finish. Size 19½ in. wide, 11½ in. deep, 9½ in. high. Current rating 3675 watts. Specify voltage desired. Price F.O.B. Minneapolis **\$135**

IT'S the *only* toaster with a BRAIN—so it's preferred by busy operators who can't keep an eye on everything. Set NEW TOASTMASTER Toaster only once . . . and then forget it! Every order will be *exactly* the same . . . deliciously crisp and golden-brown . . . made so by the Flexible Timer. And every slice will cost less because no fuel is wasted in slots that aren't toasting. No other toaster—not even older TOASTMASTER models—will do *so much* for you and for your customers!

NEW TOASTMASTER *Toaster*

ONLY THE NEW
TOASTMASTER *Toaster*
 HAS THE
 "FLEXIBLE TIMER!"

FAST! Even when the New **TOASTMASTER** is COLD at the start, it makes delicious, golden-brown toast in less time than you would expect . . .

FASTER! As the New **TOASTMASTER** becomes WARMER the Flexible Timer automatically reduces toasting time to make each slice perfect...

FASTEST! When the New **TOASTMASTER** is HOT, the Flexible Timer cuts toasting time further, so that every slice of toast may be uniform!

NEW TOASTMASTER *Toaster*
 MAKES MOST
 OF THE WORLD'S TOAST!

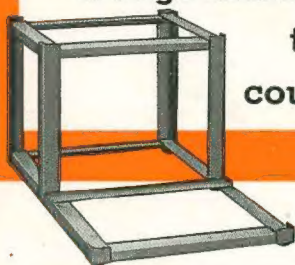

NEW
TOASTMASTER *Toaster*

THERE'S a hearty welcome in **TOASTMASTER** Toast—it greets a stranger and makes a lasting friend! No unskilled hands can spoil its crunchy goodness . . . nor change the shade of its brownish-golden crust. It's always the same—day in, day out—and that's the marvel of the **NEW TOASTMASTER** Toaster! You simply *must* have it to serve toast better . . . more often . . . more profitably!

DUO • STAND

brings extra capacity
to small
counter space!

Provides maximum
toasting capacity in less
than a foot of counter space! Will accommodate two
4-slice TOASTMASTERS or one 4-slice and one 3-slice
model. With it you can replace out-of-date toasting
equipment without increasing counter space now used.
Durably made of 18 gauge stainless steel,
11½ in. wide by 20 in. deep..... **\$4**

DUO-STAND for two 2-slice
models. Over 200 slice hourly
capacity in only 6½ in. of counter
space. Ideal for small
busy fountains..... **\$3**

Also wall brackets for all models,
where counter space is not con-
veniently available.

*Two TOASTMASTERS on the larger
DUO-STAND require overall height of 18¼ in. and 11½ in.
of counter space.*
